INTERNATIONAL PARTNERSHIP MINISTRIES
Your Partner With National Missionaries Around The World

Dear friends in Christ,

OCTOBER 2026

We bring you joyful greetings from Ghana. Thanks ever so much for your prayers and support for our family and ministry.

Family news

We are happy to announce that Martha, our second daughter, has delivered safely. She had a baby girl named Jocell. We are thankful to God for this new arrival of a sixth grandchild. For Martha, it is her third child, though her first girl.

A visit to the Central Region

In July, I visited and preached at a joint service of four of our churches in the Central Region at Dominase. The four churches were the Church at Mpota, the Church at Adzentem, the Church at Pamfokrom, and the Church at Dominase. Three of these churches voted to have their pastors ordained in that joint service. Therefore, we were back there in the first week of August and were able to take two of the pastors through their examination. They are both now waiting for a date to be ordained.

The third candidate, Brother Michael Dossah, was, however, involved in an accident while returning from a prison ministry in Cape Coast and could not take part in the ordination examination. He has since undergone successful surgery and is recovering. His physiotherapist is saying he would need six months of physio to be able to walk on his own without using crutches. We are thankful for God providing the funding that was needed for the surgery. We want you to pray that he will recover quickly and be able to get back to his ministry.

Adzentem Church gets a pavilion

For some time now, we've been praying that we could build a pavilion at Adzentem for a place of worship. We are happy to announce that the Lord has provided, and we have now raised a pavilion. Church members are very happy about it, and they are hoping that they can raise the walls and get it enclosed so that it becomes a church building. For years, they were meeting in the classroom, but after COVID, they were not allowed to go back. Consequently, they've been meeting in somebody's compound until this provision was made. We want to thank our supporters who made this possible.

Ashanti Region

In June and July, we were able to visit and encourage two of our churches in the Ashanti Region. We visited Drobonso Church, where a member had died, and therefore we went to help with the burial service. Many people responded when we called for folks to pray to surrender their lives to Jesus Christ.

We also visited Kumasi-Kenyase Church. The Kumasi-Kenyase church has made a lot of progress with their church building project. The roof is on, and now they've been able to enclose some portions of the walls. Continue to pray for them. We have been trying to raise \$9,000 to help with this church building. So far, over \$3,000 has been given. Pray for God's provision. The church is situated in a new developing area, so members travel from very far to get to church. However, they are determined, which we found very encouraging. This month, they've lost one of their members, and so on October 15, we shall go to help with their burial service. Please pray for them, that the Lord will comfort and strengthen hearts, and solidify their resolve, as they seek to build a stronger local church in that community for Jesus Christ.

Visitors to SRBBC

Evangelist Ambadyil Subramanin's visit: In the month of August, we had an evangelist come in to hold a special soul-winning seminar, where special methods were presented using ropes to share the gospel. The seminar lasted for three days, and after that, the group was divided into four, and they went out into the streets to apply what they had learned about evangelism. Several people were led to Christ, using three ropes for an object lesson. Let's pray that a good follow-up can be done so that some of these people will come to church.

Dr. Mark Campbell and his wife, April, visit

It was a blessing having Dr. Mark Campbell from Arlington Baptist Church, Baltimore, and his wife, April, visit with us. Dr. Campbell taught a class (Leadership in Ministry) to our graduate students, and his wife helped us with outreach to the deaf in our community. It was a wonderful week that brought 20 deaf people to our Sunday evening service because they knew that there was somebody there to sign for them.

Outreach to the Deaf

The next couple who visited after the Campbells, was **Rev. & Mrs. Maximum Sika Aki** from Ivory Coast. The couple spent six hours each day introducing sign language to our graduate students. At the end of the courses, we held a special tea party on Sunday before the evening service and again invited the deaf in our community. 30 deaf people attended, and since then, some have been encouraging us to get somebody from our church who could learn sign language so that they can come to church with us regularly. Right now, one of our students has taken up the challenge. Every evening he goes to meet with some of them, and they are teaching him sign language. We ask you to pray with us so that our attempt at establishing a lasting deaf ministry here on the campus church will become a reality.

SRBC. Tema. Solid Rock Baptist Church of Community Two marked their 44th anniversary with special revival services in the third week of August. It was a blessing. People attended. The thanksgiving service was wonderful, bringing in many first time visitors, and many dedications were made unto the Lord.

Baptisms

We are happy to announce that during the period under review, nine people have been baptized. Two were at the campus church, and we baptized seven at the church in Tema. We have since enrolled a few more candidates in our baptism classes. Pray for faithfulness in our new members as they become strong Christians who can serve the Lord and be a means of bringing others to Jesus Christ.

College Projects

ICT CENTER: We are trying to build an ICT center for our college, which will allow not only Bible students but others to study here on our campus. We need \$100,000 for this project. So far, we have received about \$7,000. We ask you to pray that the Lord will supply this need.

2ND FLOOR OF THE COLLEGE BUILDING: The second floor will enable us to increase our capacity as we add other departments such as Nursing, Computer Science, Education and Business Administration, etc. to our college.

ACCREDITATION: We are still working on our accreditation. The process is calling for about \$40,000. The actual fee is about \$10,000, while the remainder is to be held in our account to support our transition into a full-fledged University College. We ask you to pray with us that this will become a reality. It will increase our student intake and gradually lead our college to become a self-supporting institution when other employable courses are introduced. It will also help us sustain our Bible Training for ministerial students.

Thank you for the donations that have come in so far. We have a long way to go. We ask that you pray with us that the Lord will provide, so that the needs here will be met.

Your partner in Ghana,
George Dapaah

Contributions for our ministry should be made payable to IPM and sent to IPM, Inc., 100 Spring Ave., Hanover, PA 17331-2717 Be sure to include a note designating "Dapaah Support" or any other special designation you may have for us. Thank you.

If you have an email, please help us to help this missionary save postage by receiving his newsletter by email. Please take a moment to contact us at office@ipmworld.org with your email and home address and use "subscribe Dapaah prayer letter" on the subject line.
